

Do I need to do level 2 safeguarding?

As a previous delegate at our conferences, or someone who has expressed interest in the subject, I thought it would be helpful to send you details of the 4 hour Level 2 Safeguarding training taking place online on [Friday 25th February 2022 at 9.30-1.30: Safeguarding Vulnerable Adults & Child Protection Level 2.](#)

The online course has limited spaces with a **maximum capacity of 40 places** to ensure you receive the personal level of training required for this subject. [Click here to book](#)

This course is interactive and therefore you will need to have a device with a camera and microphone for participation. The course will not be recorded as you do need to attend live on the day. You will also need to print a handful of pages which we will circulate before the day.

The feedback to this course, when held on previous occasions, has been excellent.

Do I need to do level 2 safeguarding?

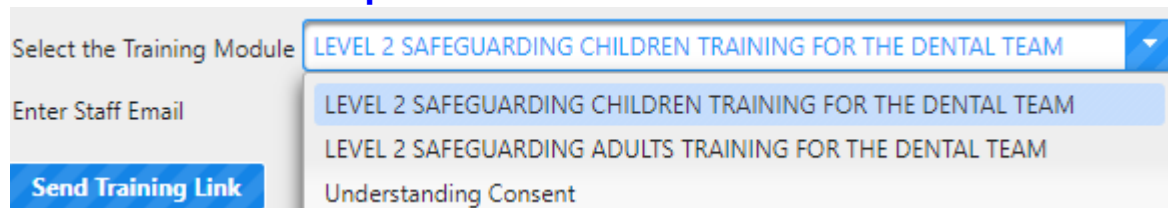

Whilst you may have done safeguarding as part of the GDC's Core conference that does not give you safeguarding training for level 2.

Public Health England states that all practitioners who have regular contact with patients, their families or carers, or the public need Level 2 training. In a joint statement from the BDA/BSPD it was said "the majority of dentists and dental care professionals will require level 2".

The level 2 requirements can be met by completing a 4 hour course every 2 years.

Our training provides **4 hours verifiable CPD** and includes electronic notes at a cost of only **£79 + VAT**. The course is **9.30am - 1.30pm**.

You can do the complete course on RP4 for FREE as members!
